ATTN: Ekaterinina O.N., Director General of SKB EP

During overhauls and maintenance of air circuit breakers of VVBK-500, VVB-500, VNV-500, and VV-50 type our Company uses the PKV-U3.1 instruments (2 pcs.) manufactured by your Company. The instruments have been in operation since 2009. They are rather convenient and simple in operation.

They ideally suit for companies dealing with adjustment and maintenance of electric equipment.
