Director General
of SKB EP, LLC

Dear Olga Nikolaevna!

Currently, Krasnoyarsk CHPP-2 the branch of Yeniseyskaya TGC (TGC-13), JSC has MIKO-2.3 and PKV/U3.1 devices in operation at the electrotechnical laboratory.

During the use since 2017, there have been no complaints or shortcomings in the operation of these devices. These devices are quite simple and easy to use.

We thank SKB EP, LLC for manufacturing high-quality devices, and hope for the appearance of new developments.

Deputy Head of the ETL for RPAD
